		ADDITIONAL REMARKS BY 2D COMPT.—"Agent was instructed by the hon. Commissioner of Indian Affairs in the 2d qr. 1875, that the sum of \$3,270.00 had been placed to his credit to be used for the hire of extra teams. It appears, however, that Agent Clapp has largely exceeded the sum thus authorized for that purpose, thereby failing to comply with his instructions. Agent will also give the names of the persons who drove these teams and by whom they were subsisted. A full explanation of this transaction must be furnished, agent's explanation to this suspension not being satisfactory."		
		Also, a further suspension by 2d Compt. of the item for getting out 16½ thousand feet of log timber, at \$6.00 per thousand, \$100.50.		
		REMARKS.—"Who measured these logs; and why was it necessary to employ this man when agent reports so many employes on his temporary roll as being engaged in this very duty during the 2d & 3d q'ts, 1875. An explanation is necessary, besides an affidavit of the party who measured the logs."

To the SECOND COMPTROLLER OF THE TREASURY.

O. W. 57. E. J. A. J. D. F.

SECOND COMPTROLLER'S OFFICE.

I admit and certify the above balance this twenty-second day of May, 1880.
(Sgd.)

W. W. UPTON,
Second Comptroller.

TREASURY DEPARTMENT,
SECOND AUDITOR'S OFFICE,
Washington, D. C., December 28, 1880.

SIR: In obedience to direction endorsed upon copy of Senate Resolution of the 21st instant, viz: "That the Secretary of the Treasury be directed to transmit to the Senate, copies of all papers in his office relative to the settlement of the accounts of Dexter E. Clapp, late agent of the Crow Indians, Montana Territory," I send herewith copies of the statement and report of the cash account, being settlement No. 1189 of May 22d, 1880. The statement of differences which shows how the balance against late Agent Clapp arose is in the office of the Second Comptroller.

The construction put upon the resolution by this office is that it requires copies of papers relating to the *settlement* only, and not to the rendering of said accounts by the agent.

If the resolution requires copies of all accounts current, abstracts, vouchers, and returns rendered by late Agent Clapp, the work will be a heavy draft upon this office in the existing condition of its clerical force, for it will involve the copying of nearly one thousand papers, many of which are large sheets and closely written.

It is proper to state that the property account of late Agent Clapp is closed, and also that he has filed full and voluminous explanations, which he claims will remedy the defects in the vouchers first rendered, and that said explanations have not yet been passed into settlement, but that they are now in the office of the Second Comptroller for examination.

The copy of the resolution is returned herewith.

Very respectfully,

O. FERRIS, *Auditor.*

Hon. JOHN SHERMAN,
Secretary of the Treasury.
